FOR LEAGUES WITH SPONSORS

Your closest-to-the-pin winners — and your sponsor — front and center.

You already thank your sponsors and shout out your winners. Golf Sync captures it as it happens and turns it into something you can send.

THE MOMENT, AUTOMATED

Tag a contest with its sponsor once. The instant you log the winner, **their logo rides next to the result** — on the in-room TV leaderboard all day, on your league page, and in the post-event recap you send the sponsor. No screenshots, no Canva, no "I'll post it later."

HOW IT WORKS TODAY

Snap a phone photo of the winner's card, crop it, write the caption, find the sponsor logo, build the email. Every week.

WITH GOLF SYNC

Log "Closest to the Pin — James D, 3'4"" with 35x70 tagged as the sponsor. It's on the TV and the recap instantly, branded.
