FOR LEAGUE OPERATORS

One sponsor, recognized all season — not just in one email.

Run the whole league on Golf Sync: standings, side games, and a sponsor whose brand shows up every week the league is live.

GIVE A SEASON SPONSOR SEASON-LONG VALUE

A sponsor who backs the whole winter league deserves more than one thank-you post. With Golf Sync, **their banner runs across the season** — on every leaderboard, the standings page, and the wrap-up recap that proves how many golfers they reached.

A FULL LEAGUE, NOT A SPREADSHEET

✓ Order-of-Merit standings	Season-long points across every event, with drop-weeks and a finalized champion. Sponsor branding on the standings page.
✓ Side games built in	Skins, Wolf, Nassau, Vegas, Bingo-Bango-Bongo, Match Play, Stableford — run real competition without a side spreadsheet.
✓ Handicaps that keep it fair	A WHS-style Golf Sync Index per player (GHIN import supported) so all-skill-levels nights stay competitive.
✓ Live leaderboards + league chat	Real-time scoring on the bay TV and in players' pockets, plus a league chat to rally the group.
✓ Dues, collected	Players pay league dues in-app; you skip the Venmo chase. (Fees pass to the player — no cost to you.)

"It was our best winter league yet — and the sponsor got their name in front of every golfer, every week."

— the kind of recap Golf Sync writes for you, automatically
