Courses

## Congrats to our closest-to-the-pin winners — James D & Luke P!

Huge thanks to **Golf Sync** for sponsoring our Summer League. Every shot you hit this season is scored in the Golf Sync app, and our closest-to-the-pin results went up on the bay leaderboard the second they happened — winners and all.

Golf Sync is a Richmond golf-tech company building the app that runs leagues like ours. If you organize a tournament or run a course, they're worth a look — and for you, the player, it's **free**.

Golf Sync is **free for players** — that's the league app you're scoring on. For organizers, run a tournament day **starting at \$100/event**. For courses, add a digital player experience **starting at \$200/mo**.
